

“YANU YANU”

Malolo Kids Live Like Locals

Malolo introduces its dynamic and innovative new kids club program “*Yanu Yanu*”. The name is Fijian for “island” and reflects the theme of the new program which gives kids an opportunity to literally live like a local Malolo islander for a day, or two or a week during their holiday.

The “*Yanu Yanu*” program is run by the Malolo kids club “Tia’s Treehouse”, which is free for children 4-12 years. In keeping with offering a quintessential, barefoot Fijian island holiday experience, the resort has created a new kids activities program which immerses them in a fun, innovative and educational way into island life and includes a focus on the environment, the culture and the history of Malolo Island and Fiji in general.

“*Yanu Yanu*” is a 7 day program with each day focussing on a different theme ie Marine and Natural Environments, Fijian Culture, Coconut Trees, Tradition, Fijian Food and Arts and Crafts. Some of the activities in which the kids will participate are: herbal medicine and endangered species tours, traditional costume making and face painting, Fijian language lessons and visits to the local island primary school and neighbouring islands.

In putting this new program together, Malolo resort also consulted with the Mamanuca Environmental Society (MES) to ensure the accuracy, relevancy and importantly, the correct educational content of the environmental and ecological based activities.

During the course of the program, the children will keep a daily pictorial and written diary of their activities which will ultimately become a type of “school project” that they can take back home for “show and tell”. There will also be daily winners of competitions offering prizes and certificates of participation for everyone.

The “*Yanu Yanu*” program is free with some small charges for optional, parental approved motorised activities.

YANUYANU

	0900hrs	1000-1200hrs	1330-1630hrs	1730-2100hrs
